DESCRIPTION

JET-LUBE BULLSEYE is a high-purity thread compound designed for sensitive water well and other environmental drilling applications requiring the use of a petroleum hydrocarbon-free product. **BULLSEYE** is formulated from a synergistic blend of vegetable oil and nonmetallic, inorganic EP and anti-wear additives. **BULLSEYE** provides maximum protection against galling, seizing and damage to threads while maintaining water well integrity.

- Hydrocarbon free
- Water resistant
- Drilling mud resistant
- Biodegradable
- Corrosion inhibited
- Vegetable-based fluids
- Nontoxic

APPLICATIONS

For water well and other environmental drilling applications. Not intended for monitor well drilling programs. For monitor wells and more sensitive or difficult conditions, use Jet-Lube WELL-GUARD.
