DESCRIPTION

MARINE-MP is a mixed soap (calcium-lithium) grease that is ideal for a multitude of "on-board" applications where both economy and performance are important. This smooth, buttery grease has an operating temperature range of -18°C to 163°C (0°F to 325°F) to provide "single grease" use for a variety of applications.

MARINE-MP is water resistant, highly tenacious and has excellent resistance to the effects of salt spray, heat, water, oxidation and other adverse conditions common to marine usage. As a result, this product will lower maintenance costs and simplify inventory while providing excellent performance.
